November 2019

SURREY COUNTY MARKERS COURSE

Venue	Donyngs IBC, Linkfield Lane, Redhill. RH1 1DP
Dates	Saturday April 25th and Sunday April 26th 9am – 12noon approx. Saturday May 2nd 9am – 12noon approx. Sunday May 3rd Assessments- individual times to be agreed
Cost	£25 Cheques to be made payable to “Association of Surrey Bowls Coaches”

Dear Bowler,

Thank you for expressing an interest in becoming a qualified marker. We have a fantastic course for you from which you should learn much. As a result you should

- Improve your own bowling because you will understand the game better and be more confident about the laws.
- Be able to mark matches at your own Club with skill and confidence ensure the best possible standard of play
- Be a candidate to mark matches at local and even County level if you so wish. The benefits of participating in these matches will bring benefit to you and to those for whom you mark

The first step is to complete the application form for the 2020 Course.

It would be very helpful if you could return the application form either by email or by post, as soon as possible, so that we can get you started with the warmup questionnaire. Please send your cheque (made payable to 'Association of Surrey Bowls Coaches') to David Lokkerbol at the above address.

At the course there will be hand-outs which can be taken back to your clubs in an attempt to improve the general standard of marking at clubs throughout the county.

Once your application form is received you will be sent, by email, a Questionnaire which needs to be filled in and returned before the course (**ideally before April 1st**). This will be assessed and discussed (as necessary). It is essential for markers to know what is in the Law Book and the Questionnaire certainly gets you to “know your law book”.

During the practical course, an exam will have about 20 questions relating to the laws (specifically about marking) so that an assessment can be made of your understanding of the laws.

The first days of the course will be coaching/learning/practice days when the three elements of marking will be demonstrated and practiced:-

- Measuring
- Laws
- Practical aspects of Marking including time management

The fourth day will be assessment day and you will be given a time for your own assessment.

Best wishes

Keith Measures, David Lokkerbol & Tessa Davis

SURREY COUNTY MARKERS COURSE 2020

APPLICATION FORM

Name	
Address	
Email	
Tel: no	
Outdoor club	
Indoor club	
Short Mat club	
Have you attended a Surrey Marking Course before? If so when?	
Have you qualified as a marker? If yes Certificate valid until when?	
Do you wish to take the Surrey Markers' assessment?	
How long have you been playing bowls?
